

nuna®

learn all about it at nuna.eu

meet our family

On the way is plenty of sleeping, eating, growing, smiling, throwing, splattering, climbing and daydreaming. Because you want to be there for all of it, we offer Nuna, a collection of smart baby gear inspired by Dutch designers.

Engineered with extreme endurance testing and real-parent problem solving in mind, our simple products take some of the work out of being a new parent.

Welcome to Nuna.

ivvi™

dream ride

Designed for daytime dreaming — our fully fabulous, four mode pushchair is featured loaded — from a true flat sleeper recline to two flexible fold options.

Now little riders and grown up drivers can explore the world in style.

smart design

sleek

- a smart looking pushchair system from their first ride 'til they're finished strolling
- pairs perfectly with the PIPA™ series
- chassis stands on its own when folded

comfortable

- true flat reclining seat allows for plenty of space to sleep or stretch
- one-hand adjustable calf support for kids of all ages
- progressive front and rear wheel suspension technology absorbs all bumps

clever

- a fuss-free flexible fold with seat on or off the chassis
- simple, height adjustable push bar makes one-hand-pushing/other-hand doing simple
- storage basket's flip-up compartment divider keeps baby's swag separate

secure

- three or five point anti-loop, no re-thread harness
- one-touch, rear wheel braking system is strong and responsive
- lockable, front swivel wheels give peace of mind
- tires are tough foam filled and ready for any terrain

A close-up photograph of a PIPA icon car seat installed in a car. The car seat is tan with a black harness. A baby is lying in the seat, wearing a pink and white striped shirt and a pink hat. The car's interior, including the steering wheel and dashboard, is visible in the background.

pipa[™]
icon

A small icon representing the i-size standard, showing a stylized figure of a child sitting in a car seat.

securely luxx

There are those things in life that others strive to be. The PIPA icon is just that. Keeping your newest addition riding rearwards longer and safer with its side impact security system that is so stringent—it is both patented AND meets the i-size standard.

Making trips both big and little, super secure yet fabulously luxx at the same time.

smart design

secure

- i-size security from 40-85 cm & up to 13 kg*
- patented tailor tech™ memory foam offers ultimate side impact security
- no re-thread 5 point harness grows with baby
- crumple zone within the base's stability leg absorbs impact and minimizes force transferred to baby
- coloured indicators on the base's ISOFIX attachments and stability leg aid in minimizing user error

sleek

- attention to detail and smart styling combine to create a coveted chic look
- integrated all season canopy provides both sunshine and increased air flow for baby
- revolutionary dream drape™ adds extra protection from the elements
- premium micro knits create a comfy retreat for baby

smart

- works with Nuna and Maxi-Cosi® adaptors, transforming into a travel system with over 20 pushchairs
- lightweight aluminum handle bar is ergonomically designed so that you can tote with ease
- installs in 5 seconds*
- can also be installed using a vehicle seat belt**

*when used with our Nuna PIPAFIX™ base

**does not meet the i-size standard

rebl™

cleverly convertible

Why settle – when you can have it all (from the start!)? REBL, our one-click smart 360° seat not only meets and exceeds the i-size standard (allowing your little one to ride safer for longer – rear facing) but is also cleverly convertible, from their first outing all the way up to their fourth birthday.

We've checked all the boxes, so you can focus on the road ahead – knowing what's riding behind you is safe and sound.

smart design

one-of-a-kind

- the only 360° car seat that meets and exceeds the i-size standard by allowing rear facing riding from birth to 4 years

secure

- all over side impact protection thanks to Nuna's smart SIP system featuring eps energy absorbing foam
- no re-thread 5 point harness
- ultra resilient, top of the line plastics and steel reinforcement make for a heavy duty, secure shell
- crumple zone within the stability leg absorbs impact and minimizes force to baby
- integrated rebound bar helps minimize rotation during impact

grows with baby

- relaxed riding (no matter the age!) with a seven position recline that works whichever way the seat is facing
- one hand, height adjustable head support sports seven different positions
- integrated ergonomic footrest also assists older children when getting into the seat

clever

- ventilation panels within the shell create a comfy climate for even the longest of trips
- coloured indicators on the stability leg and ISOFIX attachments aid in minimizing user error

senaTM

rest easy

The chic SENA—thanks to our clever zigzag leg design—pops open easily into soft, sturdy dreamland, and then refolds in mere seconds—all with just one hand. The only-of-its-kind upper cot even folds with the frame for ultra quick getaways the next morning.

Let the travelling begin.

smart design

sleek

- a chic look—perfect for home and away
- unique zigzag frame pops cot open quickly and easily

smart

- sets up and folds easily with one hand
- the only cot with an upper cot that folds with frame
- above-ground base keeps baby draft-proof
- skid-proof feet keep sleep quiet and still
- travel bag included with easy carry handle

comfortable

- lush, quilted mattress pad over the cushioned bed
- water-resistant, durable fabric resists stains, drips and tears
- breathable mesh fabric sides

secure

- eight leg design provides double the durability and stability
- sturdy, aluminum frame is easy to transport
- padded edges prevent finger pinches

leaf™

dream on

Whether it's a motor-free ride to newborn dreamland, a wiggle party once they're walking, or a crash pad after a hard day on the preschool playground, our LEAF baby seat is both revolutionary and evolutionary—swaying kids both little and big—up to a whopping 60 kg.

That should keep them rocking out for years.

smart design

sleek

- inspired by a carefree float of a leaf on a breeze
- ultra smooth and quiet side-to-side motion
- elegant, serene design feels right at home in the living room
- perfect angle for both playing and napping

clever

- motor free ride—no batteries, cords, buzz or noise
- evolves with baby to big-kid size (up to 60 kg!)
- motion lasts unassisted with a gentle push for over 2 minutes
- easily locks in a stationary position for feeding or playtime
- pops out of base for easy storage or quick trips

comfortable

- made with better for baby certified Oeko-Tex® fabric
- organic cotton insert is soft and light
- mesh backing provides little breezes

a swaying seat that makes a statement

sway left...

pepp[™]
luxx

small wonder

The smaller your bundle of joy, the more stuff you need to carry around. (It is a rule they never tell you.)

Thank goodness the PEPP luxx buggy is cleverly designed to think of everything, from an ultra-compact fold-in-half design to the ability to get around town with one hand (which is how you will be operating most days) to a fully flat recline for on-the-go snoozes.

Funny how the littlest things can mean so much.

smart design

sleek

- a chic, unique ride from the moment baby enters the world through toddlerhood
- folds down to a flat backpack size for trunks, taxis, airplanes and tight entryways
- with adaptors is a perfect pair with the PIPA™ series
- opens easily with just one hand

clever

- stands on its own and can be trolleyed when folded
- simple height adjustable, one-hand push bar makes one-hand-pushing/other-hand-doing oh-so-simple
- removable canopy with flip out eyeshade, dream drape™ and mesh peek-a-boo window provides a shade haven
- storage basket stores both baby's swag and yours

comfortable

- flat sleeper seat allows for plenty of space to sleep or stretch
- three position recline cradles baby
- two position, adjustable calf support comforts little snoozers
- progressive suspension technology gives a nice, smooth ride

secure

- three or five point anti-loop, harness
- one-touch, rear wheel braking system is strong and responsive
- lockable, front swivel wheels give peace of mind

zaaz™

perfect fit

Is it a designer chair, or one destined for daily juice-box battles? From baby to big kid, our ZAAZ masters both, beautifully. Built from the ground up with a clever and practical design— it's comfortable, customizes to any size and matches your pre-baby lifestyle.

Who knew mealtime could look this delicious?

smart design

sleek

- innovative design grows with baby for years of chic yet sturdy mealtimes
- small foot print is perfect for dwellings of all sizes

clever

- evolves with baby to big kid size—holding up to 100 kg!
- a hidden lift behind the footrest adjusts height easily and lets baby join in at the table
- no-crevice design outwits crumbs and cleans up like a dream

comfortable

- customizes to any size, height or amount of wiggles
- harness, tray, arm bar and footrest are all removable, creating a perfect fit for little diners, no matter their eating stage
- unique, comfy air-foam cushion custom fits each chair and pad both small and bigger bottoms

secure

- three or five point harness for ultimate peace of mind
- made of high quality materials that do not contain BPA, PVC or DEHP

why i-size

read on to find out why it is the most secure choice

superior

overall side impact protection thanks to the first ever, standardized certification test

safer

for longer, with required rearward facing riding until 15 months, to provide the most secure travel (up to 5 times more safe!)

better

testing, due to better technology—with smarter sensitivity sensors used during simulations—and more of them

smoother

installation with less chance of error thanks to ISOFIX attachments

easier

classification based off of a child's height—simply measure which type of seat will keep their size the safest

79 awards...and counting

Loaded with incredible features and benefits, a Nuna product prides itself on doing more with less. We're proud to say that some of the world's most prestigious design and parenting institutions agree.

smart design

We like design.

And people who like design get us.

We will not embarrass your kids.

We cannot promise they will stay clean.

But we know it will all be okay. We are parents.

We are Nuna.

The Nuna logo is a stylized, white, lowercase wordmark. The letters are rounded and connected, with a registered trademark symbol (®) at the end. The 'n' and 'u' are particularly prominent, with the 'u' having a thick, rounded bottom. The 'a' is also rounded and connected to the 'n'.
